

1. (Currently Amended) A fitting for attaching a louvre ~~and/or a voile~~ to a hanger comprising a one piece plastics moulding comprising two leaves, connected by a hinge moulded integrally between the two leaves, said fitting further comprising clip means for clipping the leaves to a louvre in use and voile attachment means for attaching a voile to the fitting in use.

2. (Cancelled)

3. (Cancelled)

4. (Currently Amended) A fitting as claimed in claim ~~2~~1 wherein the voile attachment means allows the voile to be detached from the fitting.

5. (Original) A fitting as claimed in claim 4 wherein the voile attachment means comprises one or more releasable fasteners.

6. (Original) A fitting as claimed in claim 5 wherein the voile attachment means comprises at least one hook and loop fastener.

7. (Currently Amended) A fitting as claimed in claim ~~5~~6 wherein the at least one hook and loop fastener is bonded to the fitting, ~~preferably being provided with an adhesive backing.~~

8. (Currently Amended) A fitting as claimed in claim ~~2~~1 wherein the fitting is generally planar comprising opposed faces and the voile attachment means is provided on one or both faces of the fitting.

9. (Currently Amended) A fitting as claimed in claim 1 wherein the fitting comprises two leaves ~~parts which~~ engage around the top of ~~a the louvre~~the louvre in use.

10. (Currently Amended) A fitting as claimed in claim 9 wherein the fitting extends substantially over the entire width of a the-louvre~~the louvre~~ in use.

11. (Currently Amended) A fitting as claimed in claim ~~9~~109 wherein the two said ~~parts comprise leaves which~~ sandwich the top of a the-louvre between them in use.

12. (Cancelled)

13. (Cancelled)

14. (Currently Amended) A fitting as claimed in claim 1 further comprising hanger attachment means to attach it to a hanger.

15. (Original) A fitting as claimed in claim 14 wherein the hanger attachment means comprises an eye.

16. (Previously Presented) A fitting as claimed in claim 14 wherein the fitting is provided with a recess in its upper end, and the hanger attachment means is arranged in or adjacent the base of that recess.

17. (Currently Amended) A fitting as claimed in claim 16 wherein ~~the a the~~ the voile attachment means is arranged such that, in use, a the ~~the~~ voile extends across, and covers, the recess.

18. (Original) A fitting as claimed in claim 17 wherein the voile attachment means is provided on either side of the recess.

19. (Currently Amended) A fitting as claimed in claim 18 wherein the voile attachment means is ~~also~~ provided below the recess.

20. (Cancelled)

21. (Currently Amended) A fitting as claimed in claim ~~1~~ ~~20~~ wherein said clip means is formed integrally with the fitting.

22. (Currently Amended) A fitting as claimed in claim 1 comprising one or more posts which extend in use through openings provided in ~~a the~~ louvre to support the louvre.

23. (Currently Amended) A fitting as claimed in claim 22 wherein the or each post is at least part circular in section to avoid stress concentrations in the ~~louvre~~ louvre in use.

24. (Previously Presented) A fitting as claimed in claim 22 comprising two posts spaced apart.

25. (Currently Amended) A fitting for attaching a louvre to a hanger comprising a plurality of posts integrally formed on at least one of said leaves for extending through corresponding openings in ~~a the~~ louvre to support the ~~louvre~~ louvre in use.

26. (Cancelled)

27. (Cancelled)

28. (Cancelled)

29. (Original) A voile for attachment to a hanging fitting, said voile having releasable fastener means provided at spaced locations along its upper end to fasten opposed sections of voile together.

30. (Currently Amended) A fitting for attaching a louvre ~~and/or a voile~~ to a hanger comprising a one piece plastics moulding comprising two parts, connected by a living

hinge, and integrally formed clip means for clipping together the two parts to retain a louvre in use.

31. (New) A fitting as claimed in claim 7 wherein the releasable hook and loop fastener is provided with an adhesive backing.
